The Friends of Hillcross Colour Run 2024

Saturday 27th April, 12-3pm, Hillcross Primary School Field

How does it work?

You'll set off with your wave of runners and complete **one lap** of the Hillcross school field at your own pace. Our volunteers will then be showering you with all the colours of the rainbow as you run through our **designated colour throw zone**.

At the end of the run, you'll also be given **your own pot of colour** to throw in our **designated throw zone**.

Take a look at how a Colour Run works [here](#)

What should we wear?

For maximum colour effect, we recommend you wear a **white or light-coloured plain T-shirt** (re-use an old one or get a cheap new one if you'd rather).

All the paint powders are **non toxic, safety certified** and we will have **eye wash available**, but you might want to **bring along some sunglasses or goggles** to protect your eyes.

For **safety** reasons, **only our colour powders will be permitted** to be thrown – please do **not** bring your own. Additional bags of colour will be available to buy on the day.

Will there be food and drink on the day?

Yes! You can **pre-order food** from our **barbecue** when you buy your tickets, and we'll also have a **fully licensed bar** so you can enjoy some refreshing drinks too.
